

38 Degrees, Capital Gains Tax Poll – 8 February 2021

Savanta ComRes interviewed 2,119 UK adults aged 18+ online from 5-7 February 2021. Data were weighted to be representative of population by age, gender, region, and socio-economic characteristics such as social grade. Savanta ComRes is a member of the British Polling Council and abides by its rules. Full tables at www.comresglobal.com.

All press releases or other publications must be checked with Savanta ComRes before use. Savanta ComRes requires 48-hours to check a press release unless otherwise agreed.

Table of Contents

Q1. The government is currently spending an increased amount due to the COVID-19 pandemic, including on schemes such as furlough and business support. Of the following options, in principle which do you think would be the best way for the government to reduce the deficit after the COVID-19 pandemic? BASE: All respondents	1
Q2. There are currently different rates of tax for income that people receive from work, and income they receive from capital gains (such as the sale of second homes, artwork, and stocks and shares). Currently, income from capital gains is taxed at a lower rate than income from work. In your opinion, which form of income should be taxed at a higher rate than the other? BASE: All respondents	5
Q3. To what extent do you think it is fair or unfair that Capital Gains Tax on profits over £12,300 is currently set at a lower rate than Income Tax on earnings over £12,500? Capital Gains Tax (CGT) is paid on profits from assets like artwork, second homes, and stocks and shares. BASE: All respondents	9
Q4. Summary: Chancellor Rishi Sunak is responsible for the government's taxation and spending - and is due to make some important decisions in early March. If the government were to increase Capital Gains Tax so that it is more in line with Income Tax, to what extent would your view of the following improve or worsen? BASE: All respondents	13
Q4_1. Chancellor Rishi Sunak: Chancellor Rishi Sunak is responsible for the government's taxation and spending - and is due to make some important decisions in early March. If the government were to increase Capital Gains Tax so that it is more in line with Income Tax, to what extent would your view of the following improve or worsen? BASE: All respondents	14
Q4_2. Prime Minister Boris Johnson: Chancellor Rishi Sunak is responsible for the government's taxation and spending - and is due to make some important decisions in early March. If the government were to increase Capital Gains Tax so that it is more in line with Income Tax, to what extent would your view of the following improve or worsen? BASE: All respondents	18

38 Degrees - Capital Gains Tax Poll

Q2. There are currently different rates of tax for income that people receive from work, and income they receive from capital gains (such as the sale of second homes, artwork, and stocks and shares). Currently, income from capital gains is taxed at a lower rate than income from work. In your opinion, which form of income should be taxed at a higher rate than the other?
